

Candlewood Knolls
Knolls Knews
Notes

Happy 4th of July Weekend!!

It's been a busy week. Beautification volunteers did an excellent job doing some extra sprucing up in the Knolls. Camp is in full swing. Ice CKream Night has returned. Life is good, especially when ice cream is involved!

A softball game is planned for tomorrow morning at 10am. Pickleball has become quite popular in the Knolls, matching its "fastest growing sport in the country" status. And Mah-jong returns on Monday.

The Clambake is all set for tomorrow evening and the Pancake Breakfast (see flyer) is set for the 4th. Check out page 6 for our volunteer information for the Family Picnic on July 15th as well as all you need to know about the golf outing on July 21st.

Yes, summer is definitely here, and I do hope our dogs survive the fireworks that will take place randomly all week long.

My 2 ½ year old granddaughter, Scarlett, has joined the many Knolls toddlers whose first words include "golf cart." She is obsessed - and with today's gas prices I might have to come out of retirement to support her golf cart sprees!

Coffee is vital for survival. Dinosaurs didn't have coffee, and look how that turned out. 🤔

Please continue to send me any information you would like to be included in our future issues - Send the information to

cknotesdenise@gmail.com

Enjoy your weekend...

LESSONS IN CHEMISTRY by Bonnie Garmus

Chemist Elizabeth Zott would be the first to point out that there is no such thing as an *average* woman. It is the early 1960s and her all-male team at a research lab takes a very unscientific view of gender equality. One exception is a lonely, brilliant researcher who falls in love with Elizabeth's mind, resulting in true chemistry. But like science, life is unpredictable. Which is why a few years later Elizabeth finds herself not only a single mother, but the reluctant star of America's most beloved cooking show *Supper at Six*. Elizabeth has an unusual approach to

cooking using her science background and it proves hilarious and revolutionary. As her following grows, not everyone is happy. Elizabeth Zott isn't just teaching women to cook. She's daring them to change the status quo. Elizabeth refuses to accept limits placed on her by society and insists that others do the same. This laugh-out-loud funny, daring, and shrewd book was Amazon's best book of 2022 as well as the top book of the year by The Washington Post and New York Times! *Lessons in Chemistry* is as original and vibrant as its star.

Happy Reading - Maureen Clegg
